

Islam wants to train people in the way that if all wealth and asset of this world welcome him or misfortunes comes to him and all things even his family hates him, his heart remains calm and strong.

Holy Quran says,

“No affliction can befall either the earth, or yourself, except that it is (written) in a book before we created it. That is easy for Allah; so that you will not be saddened for whatever does not come to you, nor be overjoyed in what has come to you. Allah does not love those who are proud and boastful” (the holy Quran; 22, 23)
